

Personal data processing and protection policy

Date of publication: 05.04.2019

This document defines the policy of the CRYSTAL FUTURE OÜ Company (hereinafter referred to as the Administration) in the field of processing and protection of personal data (hereinafter referred to as the Policy) on the GTA5.NET service located at: <https://gta5.net/> (hereinafter referred to as the Service).

The terms of the Policy are interpreted in the meaning defined in the Agreement.
The Policy specifies all methods of processing personal data when using the Service.

The policy was developed by the Administration in accordance with the Federal Law of July 27, 2006 No. 152-FZ "On Personal Data" (hereinafter - the Law), taking into account the conditions of other regulatory legal acts in the field of personal data.

The policy is part of the license agreement located at:
<https://gta5.net/docs/offer.pdf> ...

1. General Provisions

1.1. Personal data is any information relating directly or indirectly to a specific or identifiable natural person.

Personal data also includes technical information, if it can be correlated with an individual. For example, this is the IP address of the host, the type of operating system, the type of browser, the geographic location, the Internet service provider, the type of device (personal computer, mobile phone, tablet), data obtained as a result of access to a camera, microphone, etc. devices; information about visited pages of the Service; information automatically obtained when accessing the Service using bookmarks (cookies); information obtained as a result of user actions on the Service.

Information will not be considered personal data if the Administration cannot correlate it with a specific individual.

1.2. The administration is the operator of personal data in relation to information that belongs to an individual using the Service (hereinafter referred to as the User). The user understands that the Administration processes only the personal data provided to them.

1.3. The policy is posted at: https://gta5.net/docs/privacy_policy.pdf and provided by the Administration to any person who personally applied.

1.4. The main goal of the Administration is to ensure the protection of the rights and freedoms of a person and citizen when processing his personal data, including the protection of the rights to privacy, personal and family secrets, clear and strict observance of the requirements, first of all, of Russian legislation in the field of personal data.

1.5. The Policy applies to all personal data of individuals processed by the Administration, as well as processes related to the processing of personal data, including, but not limited to: collection, recording, systematization,

accumulation, storage, clarification (update, change), electronic copying, extraction, use, transfer (distribution, provision, access), depersonalization, blocking, deletion and destruction of personal data.

1.6. The administration can process personal data both with the use of automation tools and without their use.

1.7. The administration processes personal data, including storing them, using servers located on the territory of the Russian Federation.

1.8 The Administration has the right to amend the Policy as necessary. The policy is subject to revision in case of significant changes in international or national legislation in the field of personal data. The new version of the Policy comes into force from the moment of its publication on the Service.

1.9. The administration does not verify the accuracy of the provided personal data and the legal capacity of the person who provided them. You guarantee that all data is accurate, up-to-date and does not violate the laws of the Russian Federation.

2. Purposes of processing personal data

2.1. The administration is guided by the principle of sufficiency, reasonableness and expediency of personal data processing.

2.2. Data is collected for the purpose of concluding and executing the Offer, including for:

2.2.1. Registration and authorization on the Service;

2.2.2. Providing access to the Service;

2.2.3. Establishing and maintaining communication with the User;

2.2.4. The health and safety of the Service;

2.2.5. Compliance with the requirements of Russian legislation.

3. List of processed personal data and consent to their processing

3.1. The administration can process the following personal data:

3.1.1. General personal data: email address, full name, date of birth.

3.2. Other information processed by the Administration:

3.2.1. Data on technical means (devices): host IP address, type of operating system, type of browser, geographic location, Internet service provider, type of device (personal computer, mobile phone, tablet), data obtained as a result of access to a camera, microphone, etc. etc. devices; information about visited pages of the Service; information;

3.2.2. Information automatically obtained when accessing the Service, including through the use of cookies. Cookies are fragments of text that are automatically stored in the memory of the User's Internet browser. This allows the Service, if necessary, to access the stored information on the User's computer and retrieve it. You have the right to change the settings of your Internet browser and refuse to store cookies.

3.2.3. Information obtained as a result of the User's actions on the Service.

3.3. The user gives his consent to the processing of personal data specified in this section of the Policy, freely, by his own will and in his interest, and confirms that is a capable natural person.

4. Principles of processing personal data

The main principle that the Administration adheres to when processing personal data is sufficiency. Personal data will not be processed unless required.

The processing of personal data is carried out in accordance with the following principles:

- 4.1. The legality and fairness of the processing of personal data.
- 4.2. The processing of personal data in accordance with specific, predetermined and legitimate purposes.
- 4.3. Preventing the unification of databases containing personal data, the processing of which is carried out for purposes incompatible with each other.
- 4.4. Processing only those personal data that meet the purposes of their processing.
- 4.5. Compliance of the content and volume of personal data with the stated processing purposes.
- 4.6. Accuracy, sufficiency, relevance and reliability of personal data.
- 4.7. The legality of technical measures aimed at processing personal data.
- 4.8. Reasonableness and expediency of personal data processing.
- 4.9. The storage of personal data in a form that allows the identification of an individual is possible no longer than the purpose of their processing requires, or during the period of consent of the individual.
- 4.10. The processed personal data is subject to destruction or depersonalization immediately in the cases specified in the Policy.

5. Processing of personal data

5.1. Collection of personal data.

The collection of personal data is carried out in the following ways:

5.1.1. Providing personal data when filling out forms on the Service;

5.1.2. Automatic collection of information using technologies and services: web protocols, cookies, web tags that are launched only when you enter your data;

5.1.3. The provision by the User of personal data in writing, including by means of communication.

5.2. Storage and use of personal data.

5.2.1. Personal data is stored exclusively on properly protected media, including electronic ones, and is processed both with the use of automation tools and without the use of such means.

5.2.2. The administration, with the automated processing of personal data, ensures the use of databases located on the territory of the Russian Federation.

5.3. Transfer of personal data.

5.3.1. The Administration does not transfer personal data to third parties without the consent of the User, except for cases when the transfer is carried out to ensure compliance with the requirements of the legislation of the Russian Federation, to prevent, suppress illegal actions and protect the legitimate interests of the Administration and third parties.

5.3.2. The transfer of personal data to third parties is carried out to achieve the above goals. At the same time, third parties undertake to use personal data exclusively for the execution of the contract concluded with them.

5.4. Destruction of personal data.

5.4.1. The administration destroys personal data in the following cases:

- The presence of a threat to the security of the Service.
- User's violation of the Agreement.
- Termination or termination of the concluded Agreement.
- Expiration of the storage period for personal data.
- At the request of the User.

6. User rights

6.1. The user has the right to receive information about the processing of personal data, including information containing:

- confirmation of the fact of personal data processing;
- the legal basis for the processing of personal data;
- the purposes and methods of processing user personal data used by the Administration;
- what kind of personal data are processed and the source of their receipt;
- terms of processing personal data, including the terms of their storage;
- procedure for exercising the rights provided for by the legislation of the Russian Federation;
- information about the carried out or about the intended cross-border data transfer;
- information about persons to whom personal data may be disclosed on the basis of an agreement with the Administration or in accordance with the legislation of the Russian Federation;
- the name or surname, first name, patronymic and address of the person who processes personal data on behalf of the Administration, if the processing is entrusted or will be entrusted to such a person;
- other information provided by the legislation of the Russian Federation. You have the right to receive such information an unlimited number of times. To do this, you must send the Administration a corresponding request in the manner prescribed by the Policy.

6.2. The user has the right to revoke his consent to the processing of data by sending an application to the Administration, in writing to the address: Pr@gta5.net ... The application must contain the following information:

- information about the identity document of the User;
- information confirming the participation of the User in relations with the Administration;
- User's signature.

6.3. The period during which the Consent is valid: until the account is deleted in the Application or the Consent is withdrawn.

7. Obligations of the Administration

7.1. In accordance with the requirements of the Law, the Administration is obliged to:

- 7.1.1. provide, at the request of the User, information on the processing of personal data or a justified refusal;
- 7.1.2. take measures necessary and sufficient to ensure the fulfillment of the obligations provided for by the Law;

7.1.3. at the request of the User to clarify the processed personal data, block or delete them if they are incomplete, outdated, inaccurate, illegally obtained or unnecessary for the stated purpose of processing;

7.1.4. ensure the legality of the processing of personal data. If it is impossible to ensure the legality of the processing of personal data, the Administration, within a period not exceeding 10 (ten) working days from the date of detection of illegal processing of personal data, is obliged to destroy them or ensure their destruction;

7.1.5. in case of termination of the Agreement concluded with the User or withdrawal by the User of consent to the processing of personal data, stop processing them and destroy them within a period not exceeding 30 (thirty) working days from the date of receipt of the feedback from the User. Exceptions are cases when processing can be continued in accordance with the legislation of the Russian Federation.

8. Information on the protection of personal data

8.1. The administration ensures the implementation of legal, organizational and technical measures necessary and sufficient to ensure the protection of personal data.

8.2. Legal measures include:

8.2.1. development of local regulations that implement the requirements of Russian legislation, including the Policy and its placement in the public domain;

8.2.2. refusal of any methods of processing personal data that do not meet the purposes predetermined by the Administration.

8.3. Organizational measures include:

8.3.1. appointment of a person responsible for organizing the processing of personal data.

8.3.2. limiting the composition of the Administration's employees who have access to personal data, and organizing a permissive system for accessing them.

8.3.3. periodic assessment of risks related to the processing of personal data.

8.3.4. conducting internal investigations to discover facts related to unauthorized access to personal data.

8.3.5. familiarization of employees of the Administration with the provisions of the legislation of the Russian Federation on personal data, including requirements for the protection of personal data, with local acts of the Administration on the processing of personal data.

9. Restriction of the Policy

9.1. We recommend that you take a reasonable and responsible approach to posting your own personal data in the public domain, including when leaving reviews and comments.

9.2. The administration is not responsible for the actions of third parties who have gained access to the User's personal data through his fault.

9.3. The Policy does not apply to the resources of the Administration if it is not posted on them.

10. Applications of the Subject of Personal Data

10.1. You have the right to send your requests to the Administration regarding the use of your personal data:

10.1.1. in writing to the address: support@gta5.net ;

10.1.2. in the form of an electronic document at the email address: support@gta5.net.

10.2. The administration undertakes to consider and send a response to the received request to the address indicated in the request within 30 (thirty) calendar days from the date of receipt of the request.

10.3. All correspondence received by the Administration (applications in writing or electronic form) refers to information of limited access and is not disclosed without the written consent of the User.
